

W H A R T O N

In preparation for your visit, please read this notification in full; it contains important information regarding access to Wharton Center during the run of *Hamilton*. In addition, plan to check your email closer to the date of your performance for up-to-date tips regarding security, parking, and show information.

The safety and security of all Wharton Center patrons, artists, staff and volunteers is our top priority. All guests entering the premises will be asked to pass through a metal detector and will be subject to bag checks. Patrons will be asked to remove prohibited items in their possession from the premises or may be refused entry. We recommend patrons plan their arrival to allow time for security screening.

The following list of items are prohibited*:

- Cameras and recording devices (other than phones)
- Alcohol and illegal drugs
- Animals (except service animals)
- Any items that may be deemed disruptive to the performance
- Outside food and beverage
- Backpacks, oversized bags, cinch bags, luggage
- Firearms and weapons of any kind (including pocket knives)

*This list is not all-inclusive and may change at any time without notice.

Entry into the building will be limited to the Bogue Street (front) entrance and Atrium entrance adjacent to the parking ramp. The southwest entrance on Wilson Road will be closed.

Please retain your ticket at all times as re-entry will not be granted without a valid ticket for the appropriate performance.

MSU is a weapon-free and tobacco-free campus.

If you have questions regarding security measures in place for *Hamilton* at Wharton Center, please contact Ana Whitman at 517.884.3116 or Nina Silbergleit at 517.884.3119 or via email at security@whartoncenter.com.
